

NEWSLETTER Autumn 2025

Dear Reader,

We're happy to introduce the 4th Newsletter of the SPHINX project! Nearly two years in, the project has reached several exciting milestones, and we're thrilled to share some of the highlights below along with updates on recent events and upcoming activities.

A lot will be happening over the coming months as the BIPV demonstrators start to take shape all over Europe. Exciting times, that's for sure!

Would you like to stay informed about the project's progress and achievements? Visit [here](#) to learn more about the project and [subscribe](#) to our newsletter.

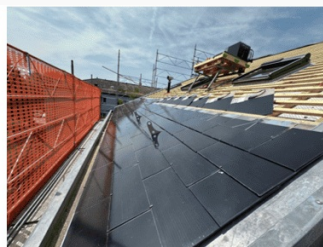

Best regards,
The coordination team

News

Recent technical achievements and updates

There were some great achievements in the last couple of months:

- **SPHINX Morpho Terracotta T1:** [Fraunhofer-ISE](#) and [Freesuns](#) have just produced the first Morpho Terracotta T1 solar tile in brick colour for the coloured facade project in SPHINX.
- **First SPHINX demonstrator 01-eCom Pully:** After a lot of hard work and solving many issues, [Fraunhofer-ISE](#) managed to get the tiles manufactured in Germany.
- **Demonstrator eCom update:** It's only been a few months since the [first SPHINX demonstrator 01 – eCom Pully](#) was finalized and installed. Now [Freesuns](#) and [Fraunhofer ISE](#) have accomplished another milestone. They have just completed the 2 biggest demonstrators: eCom in Lausanne at 240m2 and Arzier at 85m2.

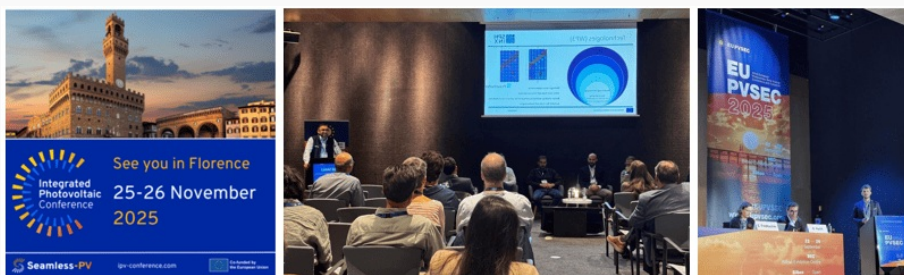

SCOOP

The installation of the noise barrier and SalvaTerra has started! Partners ETWAY, Fraunhofer-ISE and M10 are working hard in Merdingen (DE) to get one of the SPHINX demonstrator up and running!

Clustering activities with Sister Projects

- [EUPVSEC 2025 – Unlocking the Potential of Integrated Solar PV Systems](#): Solar Power Europe (partner from sister project [Increase](#)) will host a session on “Unlocking the Potential of Integrated PV Systems and the EU R&D Approach”.
- [IPV Conference 2025 in Florence, Italy](#): We are proud to announce that our sister project [SEAMLESS-PV](#) is organizing the 2nd edition of the [IPV Conference](#) on 25-26 November 2025, in Florence.

Coffee Breaks

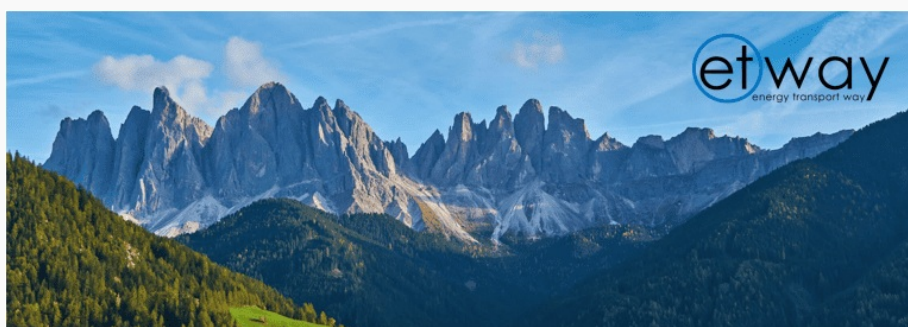

For anyone interested in more details about our partners, the SPHINX website regularly adds ‘Coffee-break’ interviews. Recently posted a double interview with [the gentlemen of ETWAY](#) and with [Julien Gaume and Maria Planells](#) from [HELIUP](#).

Meetings

SPHINX project meetings:

- In November 2025 the project 5th General Assembly will take place. This event will take place in Trento, Italy and will be hosted by our partner ETWAY.

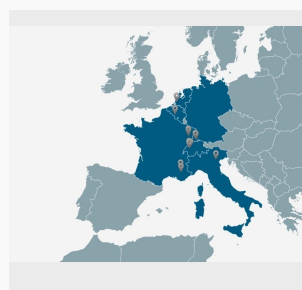

SPHINX as a Consortium

Project Partners

SPHINX joins a multi-disciplinary consortium with 12 partners, located in 7 European countries including Italy, Germany, Belgium, Switzerland, France, Spain and the Netherlands, to discover cost-effective, aesthetically pleasing photovoltaic solutions and cutting-edge technology, driving us towards a sustainable and low-impact energy future.

French translation on the website

For our French speaking readers, parts of the SPHINX website are translated into [French](#).
Pour nos lecteurs français, nous avons aussi une version française du site web [ici](#).

Facts & Figures

Start date: 01 November 2023

Duration: 36 months

Total Costs: € 8,936,233

Funding by the EC: € 5,247,990

Funding by the CH: € 2,185,513

Funded by
the European Union
